

## GIPAA Government Contracts Register for Brewarrina Shire Council, for the Year Ending 30 June 2023

The Government Information Public Access Act 2009 (GIPAA), Division 5, requires Council to keep and publish a record (called its "government contracts register") that records information about some contracts with private sector bodies. The GIPAA states that the information about contract of value \$150,000 (GST inclusive) or more between agencies and private sector bodies must be recorded in a register of government contracts. Council's disclosure log was prepared in accordance with sections 18(e), Division 2 and Division 5 of GIPAA.

The register of government contracts is continuously updated as formal applications are processed and released under GIPAA
